Welcome to St. Croix, the largest of the Virgin Islands, and the one that has the most Danish influence in its architecture and names. St. Croix has a unique history dating back to pre-Columbus and ruled by seven nations.

St. Croix is the island to discover, explore and celebrate! Use this guide and map to find treasures of history, culture and art. Read through the pages of the Explorer to find great restaurants and shopping spots. Use the map to find the beaches, go for a drive and tour the historical sites, gardens and rum factories. Wander from cafe to courtyard in Christiansted and Frederiksted and stroll along the waterfronts. Try a new sport like scuba diving or sailing. St. Croix loves that you are here to relax and soak up the warm Caribbean sun and we hope that you feel familiar and comfortable walking around our towns.

We know your time with us will allow you to meet some friendly Crucians that can answer your questions with a smile. You will go away with fun stories of the great times you had exploring the St. Croix culture, food and new friends that you've made. Explore and Enjoy!

# travellers tips 2

St. Croix offers its explorers the comfort of traveling under the U.S. flag, while still maintaining the feel of a truly international destination. Try some of the wide variety of Caribbean, Danish, Puerto Rican and local Crucian cuisine, like roast goat, fish and fungi or kallaloo. Sample coquito and painkillers with our island rum.

You will hear a chorus of languages spoken here, including the beautiful Caribbean-accented English, as well as Spanish, Creole, French, Danish and Patois. If you don't understand what someone is saying, take a look at the Explorer's Island Dictionary on page 13. Soon come you'll be saying "Ar'ight" to "A yo", spreading the weekend's melee while limin' on the beach. (Got that, right?)

As a U.S. territory, the Virgin Islands use U.S. currency, the U.S. Postal Service, U.S. and Canadian banks and U.S. Customs. It is recommended that you carry your U.S. Passport and Drivers License because of the TSA, Customs and Immigration checkpoints at our airport. It's also handy to have your documents with you if you plan to travel to any of the non-U.S. Caribbean islands, including the British Virgin Islands.

Most major credit cards and ATM cards are widely accepted. When leaving, customs will require you to claim any items you purchase. However, as a duty-free port, you can return to the mainland with up to \$1,600 in local merchandise such as perfume, jewelry, art and clothing, tax-free. Remember the six bottles of rum each visitor is allowed to take home. Most shops open at about 10 a.m. and close around 5 p.m. Monday through Saturday. Sunday is a day off, so go to the beach. Restaurants usually serve dinner until 9 p.m., but some of the local bars and pubs serve food until midnight.

On St. Croix, take the same safety precautions you would on any vacation. Lock your car, villa or hotel room door. Stay alert in dark or suspicious areas of our towns. Take your purse, wallet, camera or cell phone with you, don't leave them on the beach chair. Be cautious when approached by unknown people just as you would anywhere else.

If you need emergency help, from your cell phone dial 911 or 340-772-9111. Dress is casual, but not too casual. Wear only your bathing suit into town or shorts to church, and you are sure to get the "Tourist Stare."

The weather? Perfect... almost. Rainy season is September through November and March through May. But no matter what time of year you are here, if it rains every day of your trip, buy yourself a lottery ticket because chances are one in a million. If you visit during Hurricane Season, you might just see one. Schedule your time on St. Croix around a great event: Triathlon, Taste of St. Croix, Virgin Islands-Puerto Rico Friendship Day, Columbus Weekend, St. Patrick's Day Parade or Carnival.

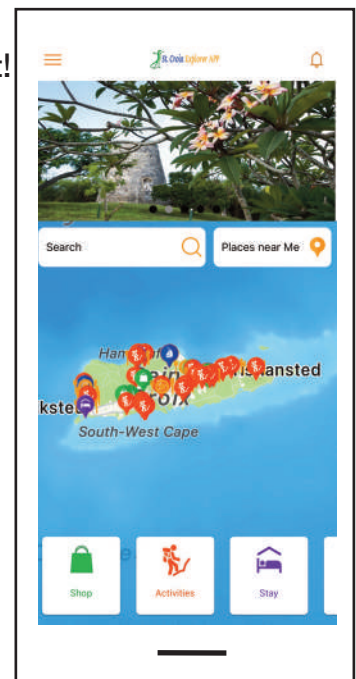

Explore St. Croix at the relaxed pace at which the island moves. It will change any Type A into a Type Z by stays end. When entering a room you have the time to start your conversations with a "Good Morning," "Good Afternoon" and "Good Night," and should do so, as the locals do. Move slowly. Drive slowly and on the LEFT. Ask questions. Relax and take deep breaths. Explore the culture. Buy local. Fall in love. Come back soon.

## christiansted

St. Croix is world-renowned for its cuisine, food events and chefs. Christiansted features restaurants with boardwalk waterfront dining and wrought iron tables in hidden courtyards. Walk through the town and find eclectic restaurants with a variety of culinary styles and various budgets. Crucian casual means to wear cover-ups and shorts, so come as you are. Our restaurant recommendation: eat every meal out. There's great fresh food and it's an excellent way to meet people.

*Ital in Paradise* is on Queen Cross Street and has outstanding authentic vegan soul food. Fresh, locally grown ingredients are used in all meals and gluten-free dishes are always available. Try a homemade natural drink and a plate of delicious Ital food while on St Croix. Find the daily specials in the *Daily Deals* section in this guide.

*Shupe's* on the Boardwalk, at the end of the Pan Am Pavilion, is a popular party bar serving refreshing cocktails, ice cold beer and great burgers and sandwiches. It's the best late night spot on the boardwalk! Join the DJ upstairs on the weekends for an ultimate dance party of soca and world beats.

*Brew STX* serves handcrafted pale ales and stouts as well as mixed drinks, lunch and dinner seven days a week. Stop by for crab races on Wednesday and live music. The menu offers lobster grilled cheese, crab cakes and local seafood prepared by local chefs. Large salads with fresh local ingredients, grilled brussel sprouts and big steaks as well as food for the kids.

*Rum Runners* has served delicious breakfast, lunch, light bites, dinner, and Sunday brunch since 2000. They serve your favorite dishes with fresh, mouthwatering flavors, from fish n' chips and burgers to savory steaks, fresh fish, and tasty pasta dishes. *The Deck Bar* serves freshly made panini sandwiches and light bites. Enjoy stunning harbor views and spectacular sunsets while sipping one of their specialty cocktails or an ice-cold beer at Christiansted's only waterfront restaurant. Check their Facebook page for daily specials. Experience the perfect blend of great food, drinks, and island vibes!

In 2015 Jordan and Shane opened *The Courtyard Juices and Fitness Center* with a clear objective to offer a relaxing, healthy, non-judgemental space for all people to enjoy and share in their offerings. They started small with just a couple instructors and a few smoothies and quickly grew both with the Juicebar and with daily and weekly class offerings. The open air studio is a beautiful quiet space in downtown Christiansted surrounded by historical buildings and close to the water. They serve whole fruit smoothies, cold pressed juices, delicious coffees, sandwiches and salads and offer a wide variety of Yoga, Aerial Yoga, Yomassage, Barre fitness and more.

Brought to you by owner Derek Shupe and Chef Dylan Lewis, *estera* is housed in the Pan Am Pavillion in the historic district of downtown Christiansted. An exciting take on classic American flavors filter through the dining experience—from the first bite to the last. Expect to see menu items that are uncategorized, fluid and changeable with consistent dinner specials. The open kitchen layout and intimate indoor space embodies an ambiance of clean simplicity, warm neutral tones, and a modern industrial feel. A reservation gets you access to the hand-crafted dining room tables, full kitchen menu, eclectic cocktails, and specialty wines. At *estera* they strive for perfection in execution, elevation, and approachability.

## — north shore —

North Shore and Cane Bay is even more laid back than the rest of the island, if you can imagine! When you take the long drive between the sea and the mountains along the coast driving past rolling hills and sugar mills with the view of Ham's Bluff it helps you remember and appreciate how St Croix was before it was dotted with hotels. The North Shore, Cane Bay, Rust op Twist and Carambola are set on the edge of the island with the best diving in the world, hiking, bars and restaurants and a friendly community to show you a great time while you're here.

*Off the Wall*, a favorite for both St. Croix locals and island visitors. Delicious meals prepared to order from fresh ingredients. Experience friendly service at the bar, and a chance to meet a congenial crowd at perhaps the best view on the entire North Shore. Open for lunch and dinner serving pizza, burgers, fries and bbq.

*Spratnet Beach Bar & Grill* on the beach at Cane Bay offers lunch and dinner plus loads of fun in the sun and a local traditional pig roast on Sunday. Get ready to enjoy the bacchanal and dance your bahna off and then cool off in the Caribbean Sea. Try a free shot of Papawana, just say you read it in the St. Croix Explorer Map! Live music on Sunday afternoon.

*Sunny Shore Up Food Truck* serves breakfast on the beach, parked at Cane Bay Beach Tuesday, Thursday, Saturday and Sunday mornings from 8am-12pm. Look for the yellow truck and colorful tables where they serve espresso coffee drinks, bagels, pastries, egg sandwiches and burritos. Grab breakfast, cold drinks, sunny mimosas and snacks before your dive, hike or island tour.

## around the island

If you're looking for some beach side or off the beaten path cuisine then you'll have to stretch your legs and grab our map. Easy to find and well worth exploring, these restaurants are located out of town and around the island.

*Rossie's Bar and Grill* is local Latin cuisine right outside of Christiansted. St. Croix is known for Latin food and this is the place to try some. Stew chicken and mofongo, man soup, and fried snapper. With a lively local bar crowd, you'll feel like a local after a great meal and some rum drinks. And when the Soca music starts on the weekends, you'll want to bring your friends for a dance!

*McDonald's* restaurants are located near Christiansted and mid-island at LaReine. A familiar treat found around the world. Open seven days a week for that Big Mac and McNugget craving. Get your McValue for breakfast, lunch and dinner. Loving It!

*Mutiny Island Vodka* is the world's first and only vodka made with breadfruit. It is the first vodka distilled and bottled on St. Croix. Take a tour of the *Sion Farm Distillery*, home of *Mutiny Island Vodka* and enjoy lunch while you sample some specialty cocktails. Their Gold Medal distiller uses fresh local ingredients in the delicious small batch vodkas. Add *Mutiny Island Vodka* to your day of touring, eating and sampling at the various distilleries on St Croix and take some bottles home duty-free.

*Umami Sushi* offers hand rolled sashimi and sushi, sourcing fresh local fish and produce daily. Conveniently located at five corners with plenty of parking for easy take out. Try your favorite roll or one of the local creative favorites, poke bowls and sake. Join them for live music on Friday's.

*El Sol Bar & Restaurant* cooks up local foods like fried fish and cassava, baked ribs and fat steaks. Stop in for authentic atmosphere, cold drinks and amazing local rice and beans and Latin food. Easy to find in Peter's Rest, right off of Rt. 70 near Sunny Isle. Your one stop restaurant for seafood, great steaks and local cuisine. Check out their new location this spring.

*Blues Backyard BBQ* offers brisket, ribs and pork smoked over Cruzan Rum oak barrels. This casual backyard restaurant offers BBQ platters, 1/2 pound hand pattied burgers, sandwiches and live music every Thursday and Friday evening. Wednesday and Sunday smoked wings and Thursday homemade pot pies. Stop by for Sunday Brunch and to watch your favorite sport on one of the five TV's.

## east end

You must take a drive out east on Rt 82 & 60, the road that loops along the North and South Shores to the easternmost point of the island, Point Udall, and around the Great Pond. A few outstanding restaurants are dotted along the route, each special in its own right.

With jaw-dropping views in every direction, *The Buccaneer* has welcomed travelers to 340 oceanfront acres of natural St. Croix beauty since 1947. Three secluded beaches surround its 18-hole seaside golf course, complemented by pools, a spa, water sports, tennis, boutique shopping, and spacious accommodations. Guests enjoy three beachfront restaurants: *The Terrace* overlooking the Caribbean Sea with the best sunset views on St. Croix; *The Mermaid* serving local flavors and favorites right on the sand; and *Beauregard's on the Beach* offering fresh sushi in a relaxed hide-away just steps from the water. Family-owned and operated for three generations, the legendary resort pairs gracious hospitality with unforgettable island views.

The third *Goat Soup and Whiskey* location opened in 2019 on St. Croix. This tropical location features open air dining with a beautiful view of Buck Island and the Caribbean Sea. They take pride in fresh ingredients, friendly staff, and made from scratch dishes. Featured menu items are the daily homemade soups, hand cut steaks, fresh local seafood specials, and shareable appetizers. Fresh cocktails and infusions can be found at the bar along with a local beer selection. Reservations are highly recommended.

*Ziggy's Island Market* is more than a gas station! With well stocked grocery aisles, coolers of cold drinks, and grab-and-go food as well as daily specials, you will find snacks for everyone! An outdoor tavern with live music, cornhole and an amazing Sunday Brunch! Live Music on Monday evenings. Stop at *Ziggy's* and get gas!

As you explore St Croix stop and take a brewery tour at *Leatherback Brewery*, the first brewery on St Croix. Sample Leatherback's fresh brewed lager and IPAs at bars all over the island. One of the little known secrets to St. Croix's uniqueness is the local handmade jewelry. Our jewelry shops are family-owned and make handmade jewelry in their original designs. You will be hard-pressed to find a piece of jewelry that wasn't made on St Croix. Sure, you can find the cheap stuff found anywhere, but your first purchase should be Crucian hand-made jewelry.

Explore the streets of Christiansted for unique gifts, Caribbean-style clothing, original art and photography, swimsuits and snorkel gear. Wander the simple streets under mostly covered sidewalks and along the waterfront boardwalk. The towns are not big and slowly meandering along is exploring at its best!

*Crucian Gold* has become synonymous with their island home and culture of St. Croix. Find your next favorite jewelry piece in silver or gold! Visit *Crucian Gold* at their shop on Strand Street, Christiansted, near the government parking lot. In all situations, Crucians begin with a greeting, and you should too. “Good aftanoon” starts at the stroke of noon.

The US Virgin Islands are the only place in the USA where you drive on the left side of the road.

St. Croix, Estate Grove, is home to the oldest Baobab tree in the Caribbean. The tree is native to South Africa, it was brought to the Islands and planted in the 18th century. These trees can live for thousands of years, so expect it to be around for a long time.

St Croix is the only island in the US that is surrounded by the Caribbean Sea. The US Virgin Islands is the only territory in the US to have coasts on both the Caribbean Sea and the Atlantic Ocean. Take the opportunity to travel to the other Virgins, stick your toe in both the ocean and the sea.

## hiking

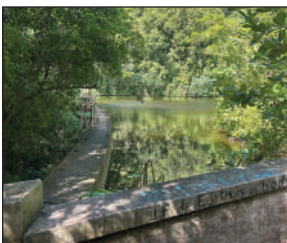

**Windsor Trails** Experience this 2.6 mile loop trail near Salt River. A moderately challenging route, this trail is great for hiking and mountain biking, and it's unlikely you'll encounter many other people while exploring. Dogs are welcome and may be off-leash in some areas.

**Anally Bay Tide Pools** The 2.7 mile Carambola Trumbull Trail is a mostly shaded moderately steep hike in lush forest from Carambola Resort Parking Lot to Anally beach. This is a dangerous hike requiring rock climbing and flat sea conditions.

**Ham's Bluff Lighthouse Trail** Moderate steep out and back trail with steady incline. Road to parking is rough but any car should be able to reach this trail. This is a great trail with excellent views of Maroon Ridge.

**Creque Dam Rainforest** This mile long hike is flat with a slight incline as you walk alongside the gut to the dam and beyond. The shaded road and ample trees and vegetation make this walk quite enjoyable.

**East End Trails** The hike to Jack & Isaac Bay Preserve Trail starts right before Pt Udall. There are a few parking spots or you can park along the road. Just a short downhill hike to these pristine beaches on well kept gravel paths.

**North Shore Trails** Mt Eagle hike starts at West Scenic across from tower road. This one mile hike takes you to the top. Also Cane Bay Campground offers a 1.5 mile loop uphill to a suspension bridge and back down to the beach.

**THE UNITED STATES VIRGIN ISLANDS  
OFFICE OF THE GOVERNOR  
GOVERNMENT HOUSE**

**A MESSAGE FROM GOVERNOR ALBERT BRYAN JR.**

Welcome to our beautiful Virgin Islands of the United States. Our islands are unique in what they each offer, and our communities are filled with people who are proud of our storied history. While visiting, I encourage you to immerse yourself in our culture and explore the unique offerings of all four Islands that make up our paradise.

St. Croix, the largest of the U.S. Virgin Islands, sits to the south of our small island chain and is renowned for its pastoral landscapes, Danish architecture, and historical landmarks. St. Croix is also a popular destination for diving enthusiasts with its offshore wrecks and unbelievably beautiful underwater reefs. Be sure to visit the historic towns of Frederiksted and Christiansted and indulge in St. Croix's renowned art and delicious culinary scenes.

St. John is one of the smaller U.S. Virgin Islands and conservation center of the territory. It is best known for its pristine beaches and the attractions within the Virgin Islands National Park, which occupies more than half the island. The lands in the Virgin Islands National Park shelter migrant birds, and the mangroves support corals and anemones. As with all the Virgin Islands, you will find that St. John provides a rich mix of our culture and history.

St. Thomas is our business and shopping center and the seat of government. Charlotte Amalie is the capital town of the U.S. Virgin Islands and is one of the busiest ports of call for cruise ships in the Caribbean. In addition, St. Thomas is among the most popular destinations in the Caribbean for sailing and yachting enthusiasts.

Water Island is the smallest of the U.S. Virgin Islands and rests just off the coast of St. Thomas. It is primarily residential but offers fun attractions like Honeymoon Beach and quaint accommodations. The island can be reached by ferry from the Crown Bay Marina or other vessels.

As the Governor and Lieutenant Governor, both Treganza Roach and I wish you a warm, fun-filled stay, and please accept our invitation to return often to our paradise.

Sincerely,

  
Albert Bryan Jr.  
Governor

On St. Croix's many quiet beaches and hidden hiking trails, you may at times feel like the first explorer on the island, though Christopher Columbus claimed that title in 1493. Columbus and crew sailed into Salt River on his second voyage to the New World. They were met with hostility by the island's native inhabitants, who perhaps wanted to keep St. Croix the Caribbean's best-kept secret even then.

The island's first known inhabitants were the Igneri, Taino and Carib Indians. Archaeologists have dated evidence of Indian life on the island back to 2500 B.C. The Tainos called the island "Ay Ay," meaning "The River." To the Caribs, it was "Cibuguiera," or "Stony Land." Columbus named it Santa Cruz, meaning Holy Cross, which the French later adapted to their language; hence, St. Croix. Since that time, the U.S. Virgin Islands have been popular pieces of real estate for the world's nations. Seven flags have flown above these coveted plots of paradise. Spain, Holland, England, the Knights of Malta, France, Denmark and the United States have all laid claim to the islands.

The Danes settled Christiansted in 1735, constructing much of the beautiful architecture still seen today. Frederiksted, on the West End, was settled 17 years later. Explore the forts in each town to learn more about the Danish influences on St. Croix.

Sugar plantations, powered by the backbreaking work of slaves, led to most of the island's development in the 1700s. Today, the St George Village Botanical Gardens nestled in an old plantation offers visitors a glimpse into what St. Croix was like in the days when sugar was king and slavery was an unfortunate reality. On July 3, 1848, freedom was declared in Frederiksted. In 1878, labor riots partially burned Frederiksted and is known as "Fire Burn."

The United States acquired the Virgin Islands in 1917 from the Danish Government. eight years ago we celebrated our 100th Anniversary of the Transfer of the U.S. Virgin Islands from Denmark to a US Territory. Initially, the Navy was assigned the role of governing the territory. The U.S. Virgin Islands is now governed by a 15-member legislature, a governor and lieutenant governor, and its own Supreme Court system. St. Croix's economy has seen many ups and downs in its history. When sugar production decreased, so did the island's wealth. Agriculture was once a booming business when St. Croix was known as "The Breadbasket of the Caribbean." Currently a small number of farmers still cultivate the island and restaurants specialize in local foods.

When the oil and alumina industries landed on St. Croix's South Shore in the 1960s and '70s, so did thousands of workers from Puerto Rico, down island and the U.S. mainland, bringing a boost to the island's population and economy. The oil refining came to a halt a few years ago and was re-established as an oil storage facility. Recently the closed oil refinery was bought and re-named Limetree Terminals with plans to re-open and start refining oil in the next few years. This is a large project and the infrastructure around opening the refinery again is a huge endeavor. You'll see signs of this progress if you travel along the road that borders the huge complex.

Rum production and tourism are still St. Croix's main source of income. Events such as Carnival, Taste of St. Croix, the St Pats Parade and Mardi Croix are reasons to come back again and again.

As a result of its patchwork history, the island remains a melting pot of cultures, bringing people of African, Middle Eastern, Hispanic, East Indian and European descent together, living quite peaceably on just 80 square miles of land.

*Cane Bay Dive Shop* has two locations on the island for dive certification classes and dive tours. Find them on the Frederiksted waterfront and at Salt River Marina. Their boat leaves from the Salt River Marina to take you to North Shore reefs that run from Christiansted all the way West past Salt River to Cane Bay and North Star. North Shore is home to dozens of well-known dive sites. This is a great dive shop to do an intro dive or resort course dive. Everyone will have fun trying this new sport (we heard they give you warm cookies between two-tank boat dives). Join them for sunset happy hour monthly. Give them a call for details about mermaid dives and photo shoots.

*Mermaid Adventures* provides tours using some of the latest Sea-Doo Explorer X Underwater propulsion scooters made. At speeds up to 3.3 mph (5.3 km/h) pulling you through the water, conserve your swimming energy and get the most coverage during your snorkeling time. Ask them about meeting at different great snorkel spots around the island.

Come enjoy an educational and fun snorkel tour and effortlessly see the most aquatic life that you can. These scooters are ideal for beginners to expert snorkelers and they will meet you at a variety of beaches.

*The Denis Sullivan* sails the warm waters of St Croix each winter and offers sunset sails and special events November through March. This large ocean schooner has a lively crew that will let you help hoist the sails and serve you a rum punch after. What a great experience to be on this tall ship while sailing towards the breathtaking sunset. The price to sail is well-spent, as your donation is supporting the World Ocean Sailing School program.

Wanna catch fish?? Look no further than *Lioness Sportfishing!* Inshore or offshore fishing, they do it all! Welcome aboard the 42 ft Viking Sportfisher, the largest, driest boat in the St. Croix charter fleet. She was built in 1968 in St. Maarten—originally for transatlantic racing which she held several records in throughout the '70s. She was then bought by a smuggler who lived off of Key Biscayne, FL in the '80s. In the mid-nineties, the US government caught up with him and seized the boat and sold her at auction. She was bought by Miles and Mark Sperber who retired her from her tough, previous life and turned her into a charter boat in St Croix. *Lyric Sails* officially purchased Jolly Mon in December 2015!

Your day at Buck Island should be relaxing. Try a full-day BBQ on the motor yacht Adventure or sailboat Renegade. *Big Beards Adventure Tours* is located right off the boardwalk. On the full-day trip, they provide the snorkel gear, drinks and a yummy lunch prepared on a private beach by the captain and crew. Those guys and gals can cook! Half-day trips are also available morning and afternoon and as well as end-of-day sunset sails.

Captain Heinz on *Tesoro Charters* and his son, Captain Carl on *Dragonfly* have sailed Buck Island Charters from Green Cay Marina to Buck Island for over 45 years. "Dragonfly" their 38-foot Trimaran is available for exclusive charter and can take parties of up to 8. The father/son sailors can handle a small or large crowd and are family friendly. Pack a cooler and lunch and meet them at the Green Cay Marina for a full or half-day of fun at Buck Island or enjoy a relaxing sunset sail.

*Buck Island Underwater National Monument* is 6,000 feet long and a half a mile wide, uninhabited, and rises 328 feet above sea level. St. Croix's premiere snorkeling site, with mounds of haystack coral, colored coral gardens, angelfish and crustaceans peeking from every hole. Buck Island Underwater National Monument includes the 176-acre island and 18,839 acres of submerged land and coral reef system. First protected in 1948, the area was proclaimed a national monument in 1961 and expanded in 2001 to preserve one of the finest marine gardens in the Caribbean Sea. Endangered and threatened species living and nesting here include the brown pelican, least tern and hawksbill, leatherback and green sea turtles. Unique elkhorn coral patch reefs, resembling haystacks, are scattered along the outside of the reef and rise nearly to the water's surface from the seabed as much as 40 feet below. Snorkelers encounter colorful parrotfish, French angelfish and blue tangs.

Buck Island has a hiking trail that is rough and will take you to the top of the hill for a view back towards St Croix or on a clear day, to St Thomas. Take a walk along the beach. At one end, the dock for the National Park and the other, shallow water where pelicans dive for lunch and if you're lucky, you can see the baby sharks playing near the reef. They are about one- to two-feet long and you will see a fin pop up as they chase each other and feed on the small sprat fish that thrive in the shallow, warm water. Don't be afraid of them, but we wouldn't recommend swimming with them.

# where's the beach? 28

**Cane Bay**, located on North Shore Road Rt. 80 offers a wide, white sandy beach with moderate surf, great for diving and snorkeling. Restaurants and a dive shop nearby make this area a great place to hang out and sunbathe.

**Buck Island Beach** is a short boat ride on a Buck Island Charter to the best snorkeling with the only underwater trail in the National Park Service. West beach is relatively quiet during the week with a large local flotilla on weekends.

**Jack's & Isaac's Bays** on the South-east end are a nice hike to excellent long, sandy beaches and easy snorkeling. Adventurous and remote, but well worth the trek for the seclusion. Don't drive down to these beaches! It's too steep and you won't get out.

**Southgate Coastal Reserve** on the East end has a long, gentle beach perfect for a long walk and calm enough for a paddle board or kayak trip. Green Cay sits in the middle of this bay beckoning for a visit around her shore.

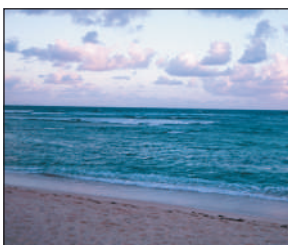

**Rainbow Beach** is just North of Frederiksted on Rt. 63. This West end beach is known for being the tourist hang out and for renting kayaks, jet ski's, chairs and umbrellas. Fabulous restaurant on site as well.

For some local color, **Salt River Beach** on Rt. 801 is a favorite local beach hangout that is sunny and natural. **Cramer's Park Beach** on Rt 82 to Point Udall offers a long white sand beach.

Three **large resorts** anchor St. Croix. Though none of the resorts are huge, each has great beaches with water-sports and restaurants. Golf courses around the island near these resorts challenge the most worldly traveller.

**"Condo Row"** on Rt. 752 West of Christiansted has wide, sandy beaches, dotted with volleyball nets and restaurants. Great for sunbathing and relaxing, walking or running.

**Dorsch Beach**, a local favorite, on Rt. 71 South of Frederiksted, offers wide white sandy beaches and good snorkeling. Small hotels and a restaurant are nearby and the beach is a great place for kayaking, snorkeling and sunbathing.

**Protestant Cay** in Christiansted Harbor is home to a hotel and restaurant. Catch a short ferry ride on the waterfront near the King Christian Hotel to this quaint little island located in the middle of the Christiansted harbor.

**Sandy Point** has the longest, whitest, softest sand on the island. It is a bird and wildlife habitat where hundreds of Leatherback turtles nest and hatch every spring, so access is restricted to Cruise Ship days, Saturday and Sunday 10am-4pm and is closed April-Sept.

**West End Beaches** located on Rt. 63 & Rt. 71, where restaurants, hammocks and beach chairs invite...these are the perfect beaches to hang out at all day, listen to live music and then enjoy a sunset.

## KEEP LEFT

Hints to keep you on the left.

*"Keep your shoulder to the shoulder".*

*Pay extra attention at intersections and in parking lots.*

Use the St. Croix Explorer "pull out" map and try your hand at driving on the LEFT! It takes about a day to go around the island with stops for shopping and eating. Some of the roads are rough. Go slow and enjoy the views. If you get a little lost, follow the Explorer Map or download the QR code for an accurate map on your phone. Be careful while driving on the LEFT! We want you to enjoy yourself safely on vacation. Always have a designated driver when drinking the local rum and vodka. KEEP LEFT and you will have a great time exploring. We encourage you to rent a car, SUV, minivan or 4x4 Jeep.

Find almost any type of vehicle to rent at *Centerline Car Rentals* located in Christiansted, at the Airport and in LaReine. Locally owned, ask them about long term or large vehicle rentals.

Well-known chains like *Budget* and *Hertz* have counters conveniently located at the airport. They have all types of vehicles, from vans and convertibles to pickup trucks and jeeps.

*Olympic Rent a Car* is located on the edge of Christiansted. Their staff will pick you up in their airport shuttle van and bring you to your vehicle. Ask about *Olympic Rent a Car's* three-day special.

*Joseph Taxi Tours* is available to take you to dinner or on a tour around St. Croix to see historic and other significant sites. With friendly, prompt service and many taxis in his fleet, no party is too big or too small.

The *St. Croix Taxi Association* drivers are happy to drive you and your friends to and from dinner and to give you an island tour in their air-conditioned Taxi Vans. Consider having them pick you up for that early morning flight. It makes getting back to "real" life a little easier.

Riding a taxi van or public bus is a great way get from town to town and to meet locals. To hail a taxi van, hold up your index finger while standing at a bus stop or street corner. Jump on in! Just find a place to sit and have fun. The route is between Christiansted and Frederiksted along Centerline Road (a.k.a. Queen Mary Highway).
